

Sam4S ER-180 Programming Sheet

Receipt Header – Usually your company details. This will be programmed exactly as entered on this sheet, so please enter any capitals or lowercase characters as required (1 character per square). If bold characters are required please write the character on the line to cover the two spaces required or if filling it in by computer please insert the character in bold and leave a space after it. Please ensure text positioning below is correct as this decides layout on the receipt.

Maximum of six lines with 24 characters per line (or 12 bold characters).

Line 1:
